

Program

4th Tokyo Shanghai Friendship Neurosurgical Forum **第4回東京上海友好脳神経外科会議**

March 25-27, 2016

at

Hotel Grand Palace ホテルグランドパレス (Chiyoda-ku, Tokyo)

and

Kinugawa Grand Hotel 鬼怒川グランドホテル

(Nikko, Tochigi)

Secretariat:

Department of Neurosurgery,
Tokyo Women's Medical University Medical Center East
2-1-10 Nishiogu, Arakawa-ku, Tokyo 116-8567
Tel: +81-3-3810-1111
Fax: +81-3-3819-8680
E-mail: kasuyane@dnh.twmu.ac.jp

March 25, 2016 (Fri)

Presentation 7min

Discussion 3min

1500-1530 Presentation (1)

Chairs: Prof. Yamamoto T (Juntendo University Shizuoka Hospital)
Prof. Wu Z (Ruijin Hospital of Shanghai Jiaotong University School of
Medicine)

The Considerations of ineffective cases of endoscopic thirdventriculostomy (ETV)
Dr. Akiyama M (Toda Chuo General Hospital)

Endoscope-assisted MVD for HFS

Dr. Zhu W (Zhongshan Hospital of Fudan University)

Endoscopic septostomy for the syndromic cavum septum pellucidum

Dr. Kimura T (Juntendo University Shizuoka Hospital)

1530-1720 Presentation (2)

Chairs: Dr. Yoneyama T (Tokyo Women's Medical University)

Prof. Feng D (No.3 People's Hospital)

**A case report of segmental arterial mediolysis in a patient presenting with
intra-abdominal bleeding after subarachnoid hemorrhage**

Dr. Inazuka M (Tokyo Women's Medical University Medical Center East)

Carotid endarterectomy with routine shunt use

Dr. Yoneyama T (Tokyo Women's Medical University)

Cases share for mechanical thrombectomy in acute ischemic stroke

Dr. Wang J (Shuguang Hospital of Shanghai University of traditional Chinese
Medicine)

Paraspinal Osseous Arteriovenous Malformation

Dr. Ito K (Toho University Medical Center Ohashi Hospital)

Consecutive endovascular recanalizations for acute stroke in ACGH

Dr. Nakamoto H (Asakadai Chuo General Hospital)

1720-1810 Presentation (3)

Chairs: Prof. Mori K (National Defense Medical College)

Prof. Zhao W (Ruijin Hospital of Shanghai Jiaotong University School of
Medicine)

**Molecular and lineage analysis of Glioblastoma Stem Cells identifies clinically
relevant models of glioblastoma**

Dr. Saito N (Toho University Medical Center Ohashi Hospital)

Genetics of Moyamoya diseases

Dr. Akagawa H (Tokyo Women's Medical University)

Effects of combined hydrogen and magnesium therapy on rat subarachnoid hemorrhage model

Dr. Fujii K (National Defense Medical College)

Clinical Characteristics of 8 Patients Who Had Bilateral Surgical Removal of Traumatic Intracranial Hematoma

Dr. Kuroi Y (Tokyo Women's Medical University Medical Center East)

Basilar artery pseudoaneurysm after head trauma: case report

Dr. Gu W (Ruijin Hospital North of Shanghai Jiaotong University School of Medicine)

1810-1830 Coffee Break

1830-1900 Sponsored Seminar (Otsuka Pharmaceutical)

Chair: Prof. Kasuya H (Tokyo Women's Medical University Medical Center East)

Unexplained impaired consciousness in neurosurgical setting

Dr. Kubota Y (Asakadai Chuo General Hospital,
Tokyo Women's Medical University)

1900-1940 Special lecture (sponsored by Otsuka Pharmaceutical)

Chair: Prof. Takakura K (Tokyo Women's Medical University)

**Large impacts of gamma knife radiosurgery on brain metastasis radiotherapy:
The tough 18-year fight against prejudices and forces of resistance**

Prof. Yamamoto M (Katsuta Hospital Mito GammaHouse)

1950 Group Photograph

2000-2130 Banquet

2130-2230 Walking tour for night Sakura (Chidorigafuchi)

March 26, 2016 (Sat)

Presentation 7min

Discussion 3min

1530-1620 Presentation (4)

Chairs: Prof. Kasuya H (Tokyo Women's Medical University Medical Center East)

Prof. Wu Z (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

Intracranial tumors presented with TGN and HFS

Prof. Zhao W (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

Auditory disturbance without subjective □ymptom after microvascular decompression

Dr. Tani S (Tokyo Women's Medical University Medical Center East)

The disappearance of LSR, is it the end point of MVD surgery for HFS patients?

Dr. Yang W (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

Usefulness of vessel transposition using the tissue sealing sheet (Tachocomb) with fibrin glue for microvascular decompression

Dr. Otsuka K (National Defense Medical College)

Hemifacial spasm in patients with Chiari's type I malformation

Dr. Li N (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

1630-1800 Presentation (5)

Chairs: Prof. Iwabuchi S (Toho University Medical Center Ohashi Hospital)

Prof. Zhang W (Xinhua Hospital of Shanghai Jiaotong University School of Medicine)

Meningioma surgery based on proliferative potential and growth pattern

Prof. Kasuya H (Tokyo Women's Medical University Medical Center East)

Surgical approaches to the Borden type III dural arteriovenous fistula

Prof. Yamamoto T (Juntendo University Shizuoka Hospital)

Microsurgical treatment for ruptured distal anterior inferior cerebellar artery aneurysm

Dr. Sugiyama N (Juntendo University Shizuoka Hospital)

Thrombectomy for an elderly patient with acute ischemic stroke

Dr. Iwama J (Toho University Medical Center Ohashi Hospital)

Outcome of mechanical thrombectomy after approval of stent retrievers and problems at the present time

Prof. Iwabuchi S (Toho University Medical Center Ohashi Hospital)

Ten years' experience of keyhole clipping for unruptured cerebral aneurysms

Prof. Mori K (National Defense Medical College)

Effect of fibrin glue into the cavernous sinus for hemostasis during trans-cavernous surgery on the cerebral venous draining system

Dr. Toyooka T (National Defense Medical College)

Usefulness of occipital interhemispheric approach for surgical removal of the parietal falx meningioma

Dr. Yoshiura T (National Defense Medical College)

1810-1840 Presentation (6)

Chairs: Prof. Mori K (National Defense Medical College)

Prof. Zhao W (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

Treatment of prolactinoma: how far we can go?

Prof. Wu Z (Ruijin Hospital of Shanghai Jiaotong University School of Medicine)

Experimental model of standard optic nerve crushes with an aneurysm clip

Prof. Feng D (No.3 People's Hospital)

Current and Emerging insights on Treating Diabetic Peripheral Neuropathy

Prof. Zhang W (Xinhua Hospital of Shanghai Jiaotong University School of Medicine)

1840 Group Photograph

1900-2100 Dinner Party

Participants list from Shanghai

Ruijin Hospital of Shanghai Jiaotong University School of Medicine

上海交通大学医学院附属瑞金医院

Prof	Weiguo ZHAO	赵卫国
Prof	Zhebao WU	吴哲褒
Dr.	Ning LI	李宁
Dr.	Wenlei YANG	杨文磊
Ns.	Juanjuan CHENG	程娟娟

Ruijin Hospital North

上海交通大学医学院附属瑞金医院北院

Dr	Weiting GU	顾威庭
----	------------	-----

Shuguang Hospital of Shanghai University of traditional Chinese Medicine

上海中医药大学附属曙光医院

Dr.	Jingyu WANG	王静予
-----	-------------	-----

Zhongshan Hospital of Fudan University

复旦大学附属中山医院

Dr	Wei ZHU	朱卫
----	---------	----

No.3 People's Hospital

上海交通大学医学院附属第三人民医院

Prof	Dongfu FENG	冯东福
